Subject: REMINDER : Friday Conference Call on CZARA 6217: Focus on OSDS Remaining Condition
& Preparation for High Level Managers Call (Call-in: 1-866-299-3188Code: 202-566-1170#)

CZARA 6217: Focus on OSDS Remaining Condition
Friday February 24 (11 AM AK, 12 PM WA/OR, 3 PM DC)
Call-in Number: 1-866-299-3188 Code: 202-566-1170#

Status of the Draft OSDS Rules

The Oregon State Legislature passed/approved Policy Package #120: Improve the Onsite Septic System Program which gave Oregon DEQ the authorization and FTE to develop the new rules to require inspections by trained and certified inspectors of OSDS at time of proposed transfer.

Randy Trox, DEQ Onsite Program Coordinator, has agency management approval to begin the rulemaking, starting this past January, 2012. Oregon is currently preparing an outline of the rules and planning to have public hearings on the rulemaking in mid-October. Oregon is planning to have proposed draft rules for Oregon's Environmental Quality Commission (EQC) to consider around the end of 2012 and for EQC approval by February, 2013.

Remaining Condition under OSDS

Adopt new rules requiring regular inspections for OSDS. Inspecting the systems at time of property transfer by trained/certified inspectors as laid out in Oregon's October 29, 2009 draft strategy is sufficient. Please provide NOAA/EPA with a copy of the draft rules to review to ensure the final rules will meet Coastal Nonpoint Program requirements.

Timeline:

November 30, 2010: Policy Option Package for Rules Development completed. DONE

January 2011 through June 2011: Request funding from the 2011 Oregon Legislature to support time-of-sale inspections for OSDS. DONE

June through December 2012: Provide draft(s) of rule language to NOAA and EPA for review/comment.

December 31,2012: Rule development completed.

January 31,2013: Submit new rules to NOAA and EPA for review/approval.

March 2013: Rule implementation and inspections begin.

Regards,

Jayne Carlin, Oregon CZARA 6217 Coordinator
